

OCTOBER 2013

TO: ALL HOMEOWNERS

\*\*\*IMPORTANT REMINDER\*\*\*

The Board of Directors would like to once again remind all of you to utilize the disposal drain screens that we made available to you late last year. We know that some of you are not utilizing these screens and as a result, the Association has experienced backups that have cost us plumbing charges that could have been avoided.

Again, we are appealing to you to use these disposal drain screens. We understand it is an inconvenience, but our kitchen lines service eight units each and they cannot handle disposal material effectively. The two inch line was installed in 1975 and there is no way we can change the lines out without ripping up each homeowner's kitchen.

If you need another screen they are available at Wal Mart or you may contact the onsite manager Amy Flores and she will obtain one for you.

We thank you for your attention to this notice and your cooperation in consistently using these screens that were distributed to you.

**We strongly encourage all homeowners and renters to continue using these sink strainers.**

Sincerely,

THE REEFGATE BOARD OF DIRECTORS
